HEALTHCARE OPERATIONS ASSISTANT

Build steps

STEP 1

Load the demo data

Set up patient, provider, appointment and claim tables in Dataverse with demo records.

STEP 2

Create the agent

Build it in Copilot Studio for front-desk and claims staff, with Microsoft Entra ID sign-in per user.

STEP 3

Add the Dataverse tool

Connect the Dataverse MCP Server tool to query tables, book appointments and update records.

STEP 4

Add the Outlook connector

Connect Office 365 Outlook so the agent can send emails for staff.

STEP 5

Write the guardrails

Decline medical advice and confirm the details before booking an appointment.

STEP 6

Test and publish

Test joined questions, a booking and a refusal, then publish to [channel: confirm].
